

Don't forget to order your  
Yearbook!!

# Innisfail HIGH SCHOOL

Volume 12 - March 20, 2023

## ***Congratulations!***

Our own Clair Sinclair skates with the Solstice Open synchronized skating team. They had numerous competitions all over Canada ranging from BC to Ontario and placed 2nd at regionals that were held in Burnaby, BC in January, allowing them to compete in February at the National level at Canada Cup in Calgary. They finished 8th place with the highest scores amongst Western Canada! Clair let us know that "open" is the level she skates at and it has to do with age and skill level. The ages they have on the team are from 16-46.

## ***Skating fun with PE!***

Mr. Woroniuk's Phys-Ed classes have enjoyed walking to the arena and spending time on their skates!

### ***Leadership Conference***

Mrs. Milne, Mikayla Stott, Kaitlyn Jones and Michelle Taylor had a great day at Olds High School attending the leadership conference. They will be coming back with lots of ideas and energy to create culture in the school!

### ***Science 9s make Ice Cream***

Miss Pereira and her Science 9 class enjoyed the art of making ice cream. The students enjoyed mixing milk, ice, sugar and salt to create a smooth, tasty, green (for St. Patrick's Day) treat!! Nice job!

### ***For the Innisfail Grad Class of 2023***

Take your bottles into the **Innisfail Bottle Depot** and tell them you want to donate them to the **Innisfail High School Grad Class of 2023** and they will add them to the total raised!

*Thank you for helping the Grad Class of 2023!*

# Summer Research Program

**Student Applications Open:**  
**February 1 - March 24, 2023**

**Program Runs:**  
**July 4 - August 16, 2023**

## Young Women and Gender Diverse Grade 11 students

Are you looking for a unique summer job opportunity? Apply to the WISEST Summer Research Program, a 6-week paid research internship. The SRP will give you hands-on research experience and a chance to discover STEM careers and your place in them.

**Indigenous and rural students are encouraged to apply!**

## You Can Expect To

- Contribute to trailblazing research.
- Build a community of like-minded individuals.
- Connect with and learn from successful professionals in STEM fields.
- Become familiar with academic life at a post-secondary institution.
- Broaden your perspective about new and different innovative STEM careers that solve the biggest challenges facing our world today.

The program will run in person at the University of Alberta campus (Edmonton), a residence program is available for out-of-town students.

WISEST exists to establish diversity in the STEM fields. We strongly encourage applicants with varied lived experiences to apply.

**For more info and to start your online application visit: [www.uab.ca/WISEST](http://www.uab.ca/WISEST)**
